REQUIREMENTS FOR CERTIFICATION AS A WDCP PROFESSIONAL

- 6 years of related device certification work experience, combined with 2 years of related post-secondary education, or 10 years of direct device certification work experience, demonstrating competence in wireless device regulatory compliance evaluation.
- Satisfactory performance on a written exam in EMC engineering fundamentals and Wireless Certification specifics as administered by iNARTE.
- Two years of experience may be granted for post-secondary education, including graduation from an iNARTE approved school in a curriculum that includes an electronics technology or applied electronics course. The teaching of electronics or engineering technology may qualify the applicant for up to one years of experience equivalency.

Experience records will be reviewed by iNARTE. The mere execution of work designed by others or the supervision of such work is not considered to be the practice of engineering.
